I am a hardworking, enthusiastic, and committed individual with a huge passion for technology. I am extremely motivated to constantly develop my skills and grow professionally. I have built simple websites and applications using a range of technical languages and tools, including JavaScript, React and Bootstrap for the frontend, Node JS and SQL for the backend, Git and GitHub for version control. Currently seeking a full stack developer role.

Skills

- JavaScript, React (React Hooks), HTML, CSS, Bootstrap, Node JS, SQL- Postgres, WordPress

- Git, Trello, Heroku, Netlify, Cloudflare

Experience

APRIL 2020 – PRESENT

Website and Database Officer / City of Sanctuary UK, Remote

- Setting up group websites using WordPress.
- Maintaining and updating over 80 sites within a multisite.
- Planning and managing a new database system (CiviCRM)
- Training and ongoing support for staff to use the CoS website and database
- Maintaining, setting up and supporting of group emails through mail client and Google Workspace for staff

OCTOBER 2020 –NOVEMBER 2020

Member of team Octo-Squad / Code Your Future

- Built an application to track student progress in each module of the Code Your Future Syllabus
- Worked with React(hooks), CSS and React bootstrap in the frontend
- Used Postgres SQL with Node.js and JWT for authentication
- Collaborated with the team using git for version control and slack for communicating
- Trello, Miro for brainstorming and planning and Retro-Metro to reflect and give feedback on past sprints
- Used Heroku to deploy the application - Knowledge Checklist

APRIL 2017 – MARCH 2020

Website and Communication Support Officer / City of Sanctuary UK, Remote

- Working with consultant and other colleagues to ensure that our website is 'fit for purpose', visually appealing and accessible
- Leading on internal communications by supporting the UK City of Sanctuary Team to facilitate good communications across the network
- Attending network-wide meetings when website training is required

AUG 2014 – MARCH 2017
Communication and Admin Volunteer / City of Sanctuary UK, Leeds
- Creating an event site for a conference
- Setting up and maintaining WordPress website for national site and local group sites
- Performing admin duties – phone calls, responding to inquiries via email.

OCT 2012- MARCH 2014
Volunteer Project Assistant / RETAS, Leeds
- Revamping the website from WordPress to WIX
- Supporting reception/admin duties
